

Working at the Metrodome is one of our best ways to fundraise for your assessment. For each 6-7 hour shift you work, your band account will be credited \$60. Please contact me with whatever dates you are interested in working on.

The longer ahead you sign up to work, the better your chances of being able to go. Try to sign up AT LEAST two to four weeks ahead, and even 1-4 months ahead if possible. The Metrodome is a very popular non-profit fundraiser, and dates fill up quickly. Day games and holiday games pay more, but also fill up more quickly.

You need to be 16 years of age or more to work at the Dome, and remember that this is a job. If you sign up, plan to work unless I tell you otherwise. You can contact me to cancel your workshift up to 3 days before an event, but if you cancel after that, your band account will be charged \$20 for canceling late. If you need to cancel within a few days before an event, you need to try to find someone to substitute for you.

We do not know if you will actually be able to work on the dates you select until about 1-2 weeks before the game. I will contact you to confirm that you will be working, or that your workshift has been cancelled.

When you work at the Dome, **you need to have a picture ID with your birthdate when you check in to work.** You need to wear black pants, a white shirt (it's OK to have logos/printing on the shirt), and closed toe shoes. You will be on your feet for most of 6-7 hours, so wear comfortable shoes. When working at the Dome, be respectful of other groups and managers.

**If you want to start fundraising at the Metrodome, please contact me to get the necessary paperwork done.** You will need to read a booklet to become familiar with what is expected of you, and take a written quiz for SCACMB's records.

For any of you who are interested, people who are willing to be food stand managers work about 2 1/2 -3 hours more than ordinary workers, and also get paid more money: \$90 for being a money manager, and \$95 for being a stand manager. Besides earning more money for your account, other workers are more likely to be able to work when we are able to send a group with managers.

Please contact me with any questions.

Sincerely,  
LeAnne Troxel, Metrodome Coordinator for SCACMB
